ezMat®

Something Really New in Compartment Matting!

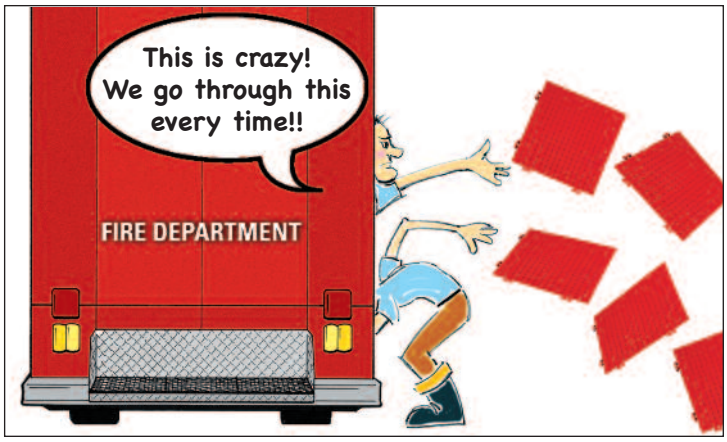
One-piece compartment matting makes cleaning a breeze!

"OLD" WAY

Disassembly and "spring housecleaning" individual mats... time-consuming and what a mess!

"NEW" WAY

The ezMat® removes in one piece, simply hose off and re-install!

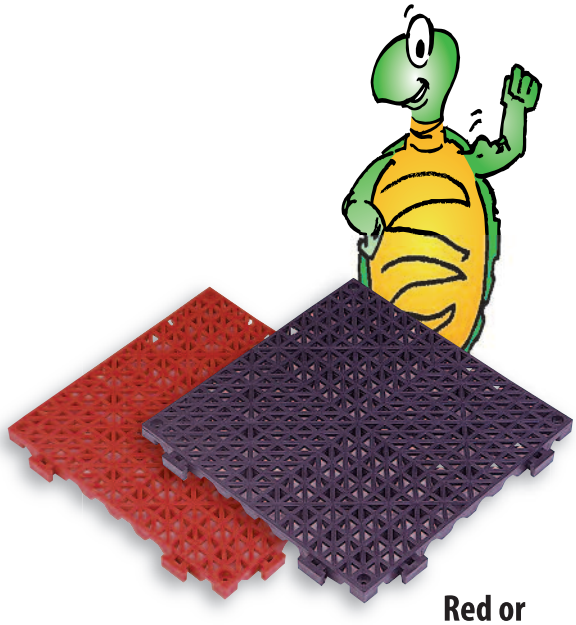


SPEC the ez**Mat**® on your next apparatus, or...
UPGRADE your existing apparatus to the ez**Mat**®

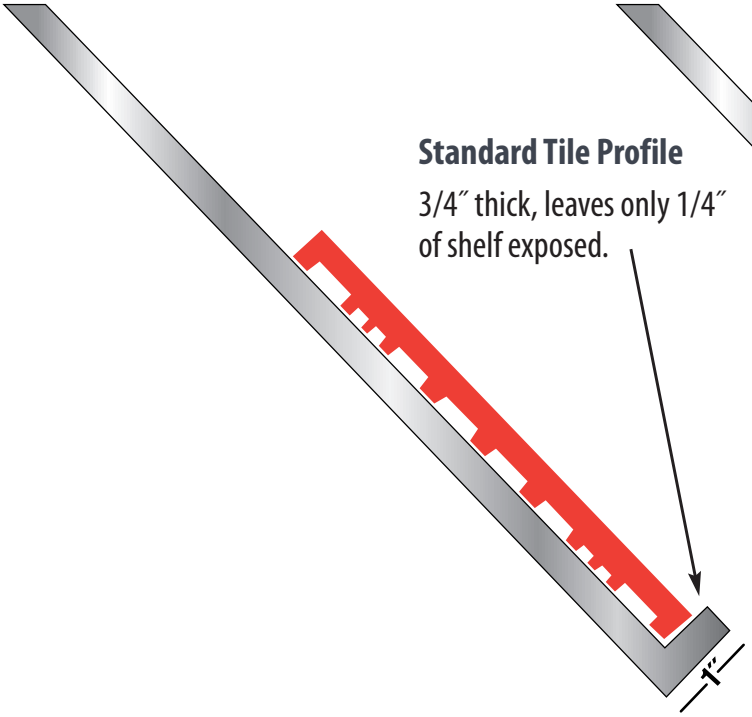
We will buy back your old matting!!

THIN TILE PROFILE

NEW 1/2″ Tile retains all the heavy duty characteristics of our standard Turtle Tile® on a much thinner profile!

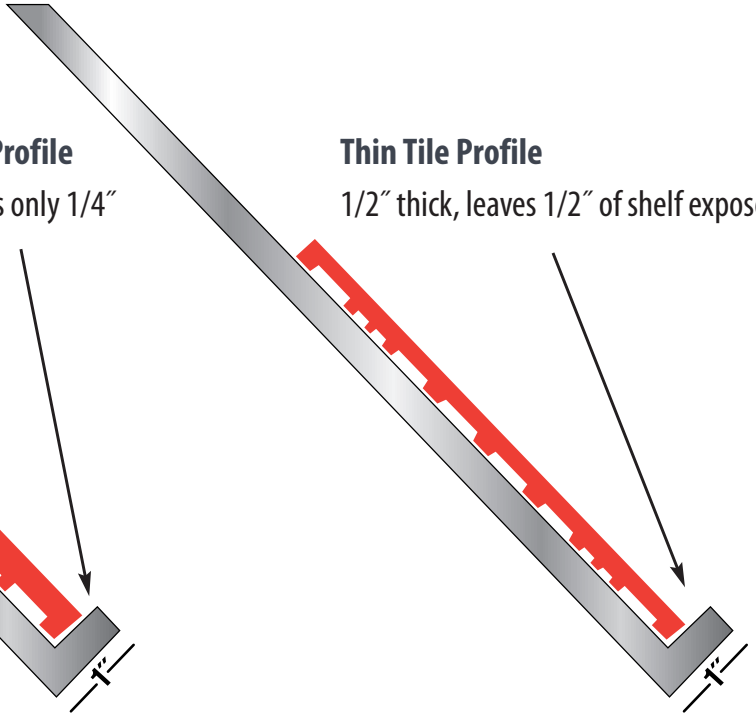


Red or Black



Standard Tile Profile

3/4″ thick, leaves only 1/4″ of shelf exposed.



Thin Tile Profile

1/2″ thick, leaves 1/2″ of shelf exposed.

For Tilt Drawers on Fire Trucks and the smaller compartments in **Ambulances**

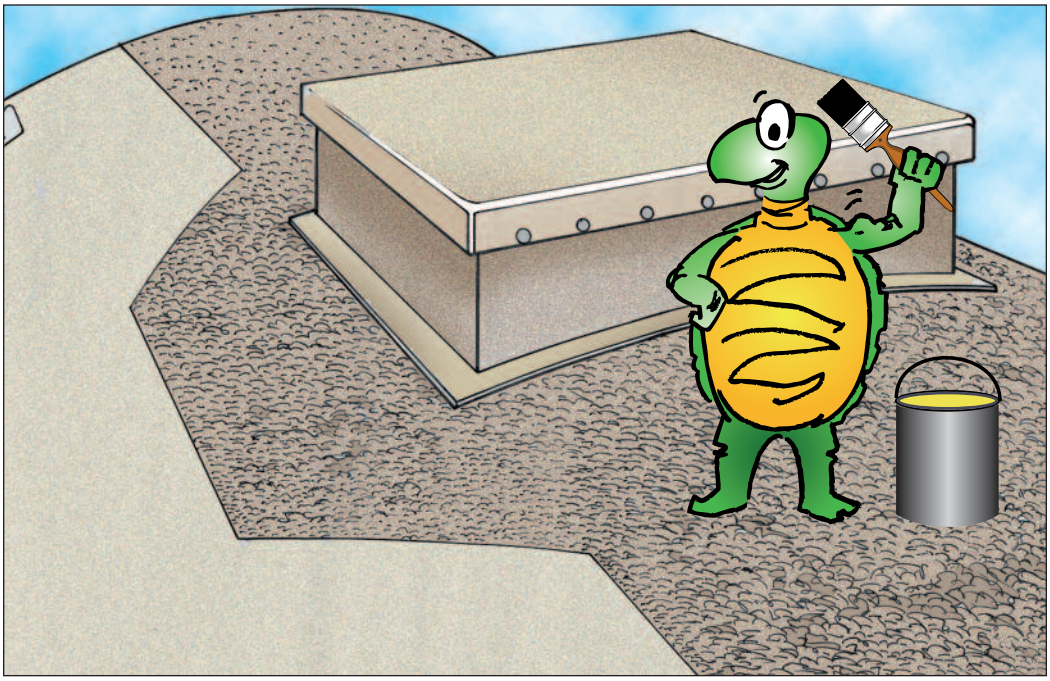
TEAL	BLACK			

Proudly Made in the U.S.A. of 100% Recycled Plastic!

Walk-Safe Systems

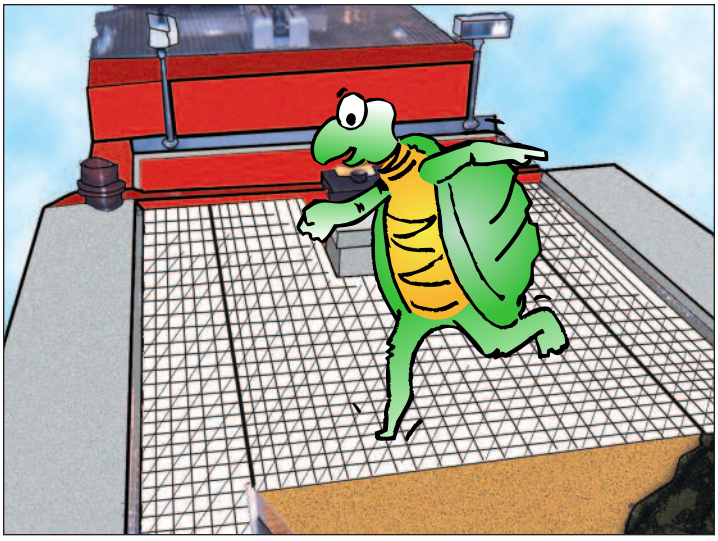
SURE-FOOTED COVERINGS FOR EMERGENCY VEHICLES

TANKER TOPS



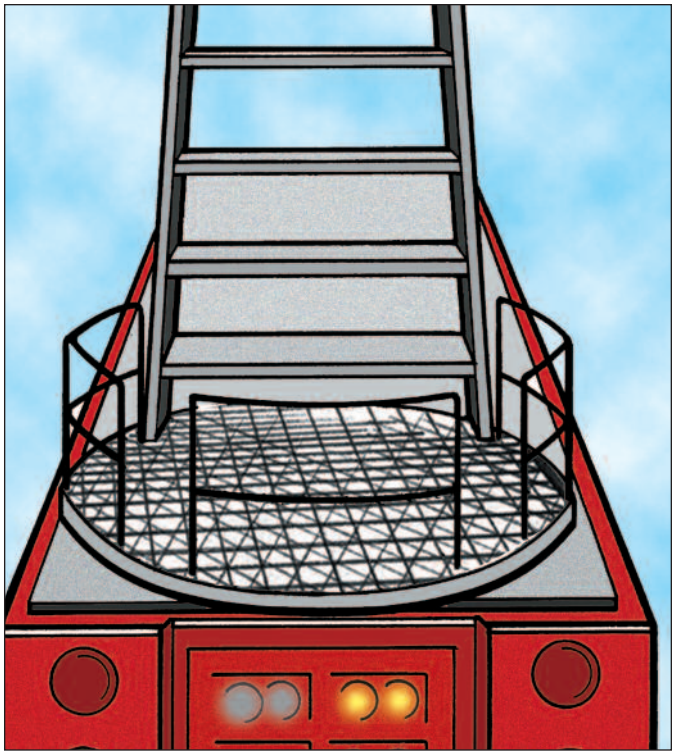
The convex surfaces of Tanker Tops lend themselves to the use of Turtle Dura Coat® coating. Dura Coat® eliminates the need for expensive diamond plate on top of apparatus. Self-applied Dura Coat® is the most ECONOMICAL method of getting a slip-resistant surface.

TOP DECK



For safety sake, a tiled TOP DECK with slip-resistant Turtle Tiles® is a must.

AERIAL PLATFORMS



Dura Coat® or Turtle Tiles® on AERIAL PLATFORMS insure sure footing.

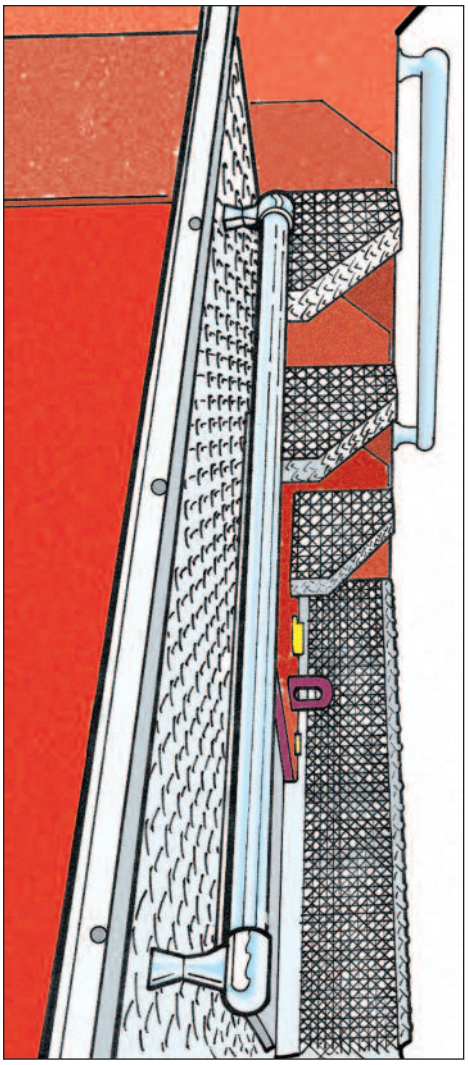
TURTLE TILES® MEET OR EXCEED MOST NFPA AND OSHA FRICTION RECOMMENDATIONS

The NFPA Coefficient of Friction (COF)* for walking surfaces is a result of the dramatic increase of slips and falls off of emergency vehicles in the last few years.

Turtle Tiles® can be applied over virtually any surface on a vehicle. Turtle Tiles® can be mounted to any surface using the counter-sunk holes in the corners of the tiles. Dura Coat® can be self-applied to vehicle diamond plate, over rusty metal and other surfaces such as fiberglass, wood or masonry by brush, roller or sprayer. Dura Coat® can be used as a bed liner and is similar in chemistry to popular bed liner coatings.

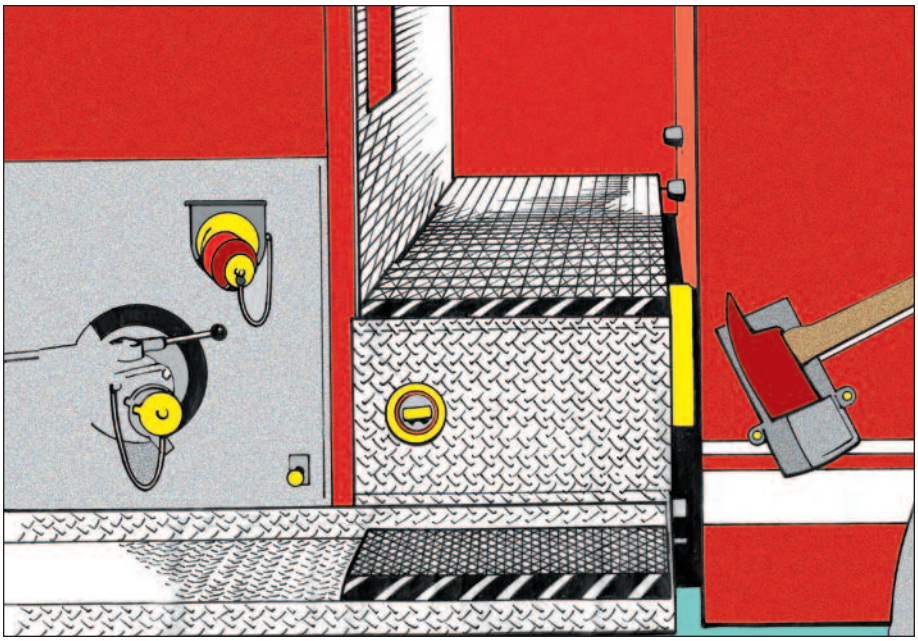
*For copies of test results call us or send a fax to 1-800-437-1603

STEPS | REAR BUMPER



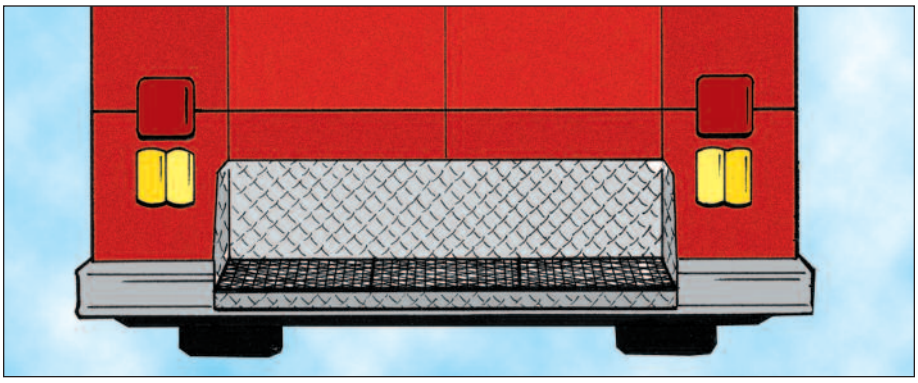
Turtle Grit Top® Tiles give you a high COF for any surface such as steps and rear bumpers.

WALK THROUGH | RUNNING BOARDS



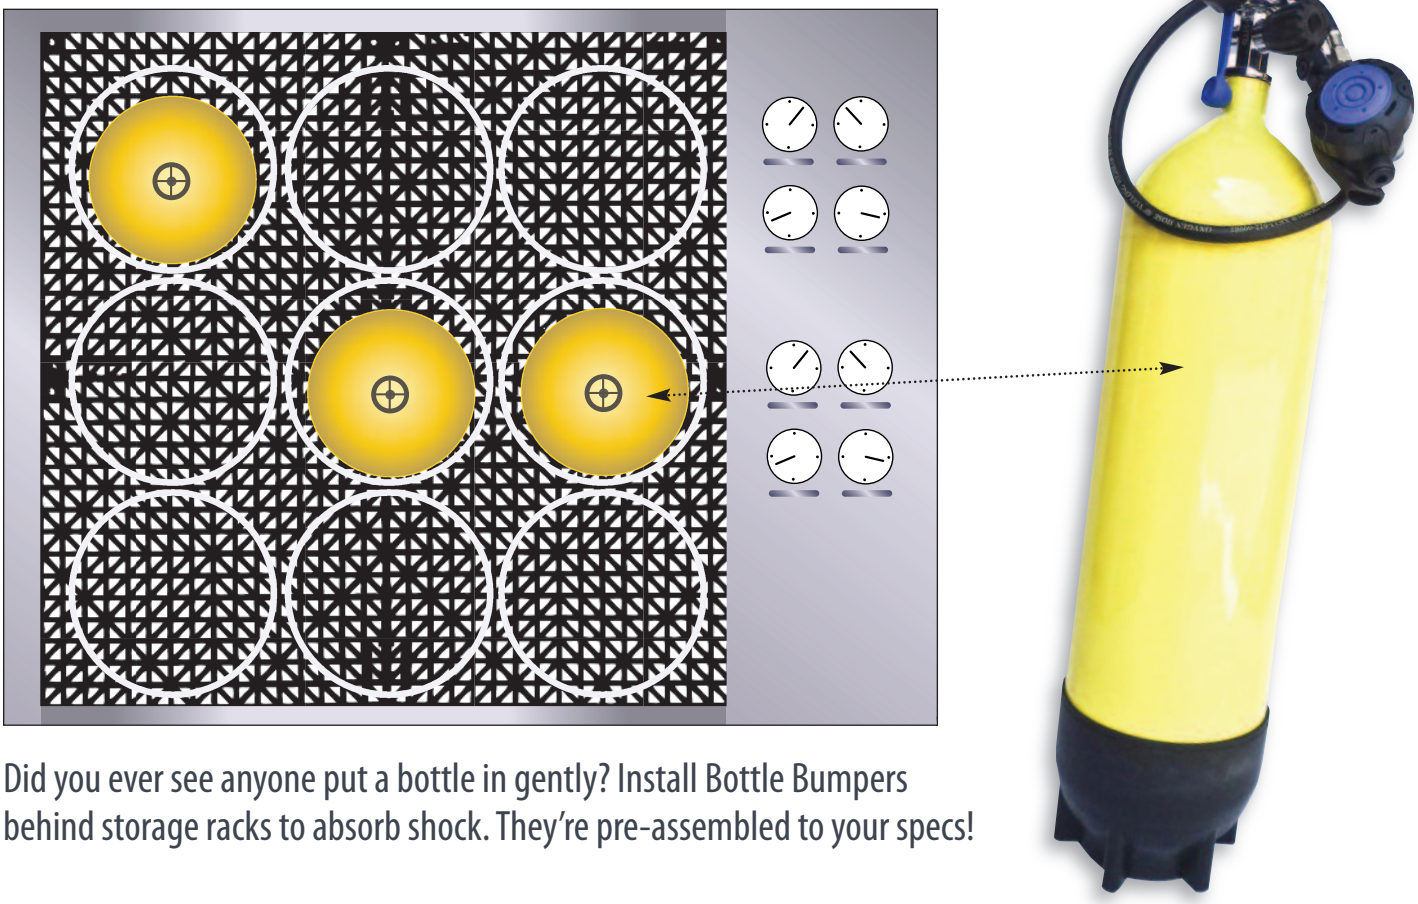
Running boards and walk throughs shed water when covered with Turtle Tiles® which feature built-in water channels.

REAR BUMPERS



Rear steps can be made safer with Turtle Tiles®.

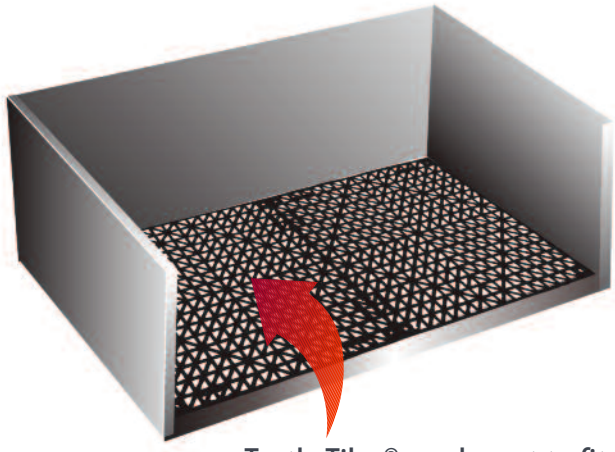
Bottle Bumpers



Did you ever see anyone put a bottle in gently? Install Bottle Bumpers behind storage racks to absorb shock. They're pre-assembled to your specs!

Battery Pads

Our shock-absorbing Battery Pads help keep large batteries in place while vehicle is in motion.



Turtle Tiles® can be cut to fit any battery holder dimensions.
